

How to Play Away Voicemail

Use the script below for an easy voice memo or record it as your voicemail message:

Hello! You've got me... but not really. I've nicked off for a little holiday to go away and play. I'm not near the phone right now.

So, if you need something fixed, fetched, or sorted... sorry, can't help ya today! I'm off duty, and future me will handle that.

Leave your message and I'll give you a buzz when I'm back, Ta!
